

Dear Parents,

Leavers picnic: We are fast approaching the end of term and are aiming to have a 'picnic lunch' for the children on **Monday 10th July**.

Please can we ask parents not to send lunchboxes on that day but instead return the paper plate that we have sent home back to us filled with the requested picnic food item?! Thank you

Can we also request that **children who usually have a hot school lunch not have it on that occasion** and join us with the picnic lunch?

If your child would like to dress up on Monday 10th July they are most welcome to do so!

September 2017

Please also ensure that you have requested (if any) changes to your days/times that your children are attending nursery in September; if we don't hear from you we assume everything stays the same; thank you

Clifton Primary School: Summer Fayre

A big thank you to everyone who helped at the school fayre on Saturday, and also to everyone who attended too! The weather was great and the day seemed to go exceptionally well!! Everyone seemed to enjoy themselves!!

As a bonus the bouncy slide has generated additional funds towards the re vamp of our outside area. We would like to thank everyone who contributed towards these funds including **CLIFTON PTA** who have donated towards our initial cost of the slide making the total funds raised at this event £85!!

THANK YOU

We are hoping to re bark the corner under the tree this week and create an area for exploration and building! Watch this space!

Break up for Summer: Friday 21st July: please book your child with Pippa: manager@cliftoneyc.co.uk if you are a term time only child and require a place over the Summer.

Back to nursery: Monday 4th September

Transition to school

On Monday 3rd July preschool children successfully attended Clifton Primary school for a 'sports hour' alongside the current reception class; supported by Debbie.

On Tuesday 11th July some of the preschool children will be attending the school production of 'Alice'. This will provide a further opportunity for them to experience the school environment whilst supported by Debbie!

They will attend their taster days independently on Friday 7th July and Friday 14th July.

Can we take this opportunity to wish all of our leavers the best as they embark on their 'BIG school' adventure and hope that we get to hear how they are getting on in the future!!!

Chicken Pox: we may have had a case of chicken pox in nursery; please be aware if your child develops any signs or symptoms unfortunately they must stay at home until the last spot has crusted over! (incubation period usually 7-21 days)

Thanks
